Goodness
and Freshness

are two very essential elements in groceries and customers demand them every time. We pay particular attention to these points and that the public realizes and appreciates our position in the matter, our rapidly growing trade conclusively indicates. In order to secure absolute freshness we keep only enough stock on hand for immediate demand, receiving consignments of goods by every steamer. We handle only the very best lines of goods and are constantly adding to our list of choice agencies. Cleanliness is the keynote of the management of our store and our delivery system is as nearly as perfect as we can make it.

EYE EXAMINATION

In this day of defective eye-sight, no person, young or old, should wear a glass unless fitted by an expert—one thoroughly familiar with anatomy and diseases of the eye, laws of light and science of optics.

In addition he must depend upon no one method of examination—he must be familiar with all, and substantiate one by use of others.

Here you will find employed the best and most scientific methods and back of all, adequate knowledge of the eye and its needs.

THE KOREAN METHODISTS

City Place of Worship
Opened--Churches
Elsewhere.

The Korean Mission at 1485 Nuuanu street was opened yesterday afternoon with appropriate services, the Rev. Mr. Wadman being in charge, assisted by a Korean minister, P. K. Yoon. The chapel is situated in the old Hart place, and a large downstairs room, seating about one hundred persons, is used. The minister and his wife and several Koreans occupy the rest of the place.

At the services yesterday, which were conducted partly in Korean, there were present about twenty young Koreans in uniform, members of the Ewa Epworth League. During the meeting Rev. Mr. Wadman presented them with a charter from Chicago, the headquarters of the league. The charter is the first one of its kind ever received in the islands. A number of the Korean women were also present and they looked extremely picturesque in their wide skirts and tightly fitting jackets.

Mr. Wadman gave a short address in which he showed the large amount of work already accomplished, and the enthusiasm with which it was done. The first Koreans arrived here about eighteen months ago, and among them were Christians who had been converted by the Methodist missionaries in their native land. These brought letters to Mr. Pearson, the Methodist minister here, who immediately interested himself in their behalf, and his work has since been carried on by his successor, Mr. Wadman.

The latter has visited many of the plantations and the meetings have been unusually successful, especially on this island, where the various managers have given willing assistance. There are a number of workers on the other islands, two being on Kauai, at Lihue and Elele, one at Kahului and two on Hawaii. There are Korean Methodist churches at Kahuku, Ewa and Waihala, and one is planned at Waihala.

The Koreans are hard workers and are now trying to raise enough money among themselves to build a church in Honolulu. Those in town have contributed \$500, those at Ewa \$700 and the entire amount promised exceeds \$1500. The Rev. Mr. Yoon will leave for the other islands soon, and it is thought several thousand dollars will be raised. Then an appeal will be made for outside help.

There are over 1500 inquirers, or those who are interested in Christianity, already. At the services yesterday a chorus of Korean women sang several hymns, and the Epworth League, numbering about twenty, appeared in khaki uniform and also sang.

A great deal of the success of the Christianizing movement among the Koreans is due to the energetic methods of Mr. Wadman, but an outsider cannot watch these people at their devotion without realizing that they are an unusually enthusiastic and devoted race in regard to religion.

HALEIWA.

The Haleiwa Hotel, Honolulu's famous country resort, on the line of the Oahu Railway, contains every modern improvement and affords its guests an opportunity to enjoy all amusements—golf, tennis, billiards, fresh and salt water bathing, shooting, fishing, riding and driving. Tickets, including railway fare and one full day's room and board, are sold at the Honolulu station and Trent & Company for \$5.00. For departure of trains consult time table.

On Sundays, the Haleiwa Limited, a two-hour train, leaves at 8:22 a. m.; returning, arrives in Honolulu at 10:16 p. m.

SMITH NEXT GOVERNOR OF PHILIPPINE ISLANDS

The rumor that Judge James F. Smith, now a member of the Philippine commission, and secretary of public instruction, will be the next governor general of the Philippine islands, has been practically confirmed from high ecclesiastical circles.

Over a month ago it was stated by a returning resident here, that Archbishop Ireland and Bishop Riordan of California, two personal and intimate friends of General Smith, had made the statement that the next governor general of the Philippine islands would be a Roman Catholic, and that he was at present on the commission. This left only one inference, namely that the successor to Governor General Wright would be James F. Smith.

Now the rumor is confirmed by a positive statement contained in a letter to a prominent member of the Catholic society of the Philippines, that President Roosevelt had written to Archbishop Ireland announcing his intention of appointing General Smith to the highest position within the gift of the president in these islands.—Manila Times, June 13.

A LOT OF
NEW THINGS

OLD HICKORY—Something new, odd, and dainty—decidedly artistic—in the way of porch and lawn furniture. Can be left out in all kinds of weather. It is a line of fashionable rustic furniture. It is made only of hickory, the strongest of American native woods, the bottoms and backs being plaited by hand and being of very strong inner hickory bark. For a den or lanai or even for your lawn there is nothing more odd than this.

NEW WEATHERED OAK SET—By the "Sonoma" we received a fine weathered oak dining-room set, consisting of a table, an odd buffet, a leaded glass china cabinet, two arm chairs, and eight regular dining chairs, these latter having green leather seats, which go well with the dark color of the oak.

We also received a very handsome golden quartered oak sideboard and a china cabinet—about as good as can be made in any furniture factory.

RUGS—New lot of all sizes of rugs, including fine Wilton's of all sizes.

WICKER CHAIRS And ROCKERS—A lot of cheap wicker work in the way of chairs and rockers is disposed of every year in Honolulu. Some of it lasts for a couple of months and some as long as a year, but the best on the market—that advertised in all the magazines—and the best of American make, made in American factories from the best Ceylon rattan, will last for years. We have a new lot of the American goods in chairs and rockers, of all patterns, shapes and sizes and at reasonable prices.

WIVES DIVORCED
FOR DRUNKENNESS

Two husbands obtained divorces on Saturday, for the cause in each case of the woman's drunken habits.

Judge De Bolt granted Hart Kawauhau a divorce from Kolani Kawauhau on the ground of libellee's habitual intemperance. Lightfoot and Humphreys represented the libellant and libellee respectively.

Alfred W. Horner was granted a divorce against Keake Horner on the ground of libellee's habitual intemperance. Cathcart appeared for libellant, the libellee making no appearance.

Judge Robinson granted a divorce to Annie K. Ipuu, alias Manoa, against William Ipuu, alias Manoa, on the ground of extreme cruelty. Poepee appeared for the wife, the husband defaulting appearance.

MAN BECOMES HUMAN OWL

Prominent Massachusetts Resident
Sees Best During Darkness
of the Night.

Pittsfield, Mass.—By a strange freak of nature, Harry Wolcott, of Cheshire, has lost his sight during daylight, but at night he sees clearly and penetrates into the darkest gloom without difficulty.

Mr. Wolcott is 58 years old, and is a descendant of a prominent Berkshire family. He is known in the neighborhood as the "human owl." Until within a few years he possessed ordinary sight. He went west, where he married. His wife died soon after their marriage, and it is said that because of his intense grief and the tears shed over her grave, the strange malady came upon him.

Light became painful, and at last repugnant to him. He has grown into the habit of sallying forth only after darkness. So completely has his day sight left him that he is unable to discern faces or localities by day. He spends his time almost alone, doing his own cooking and household work, sleeping by day and living in a darkened house. Wolcott believes himself "moon struck," a superstition deeply imbedded in New England folklore. Moonlight nights afford him the greatest pleasure, and he revels in the soft light of its beams.

COSTS TO KILL CAT BILL.

Missouri Pays \$270 for a Feline Joke
of One of Its Witty Legislators.

Jefferson City, Mo.—After a fight lasting 17 minutes and costing the tax payers \$270, the legislature's expenses being \$15 a minute, the house killed Representative Walmsley's bill to tax tomcats \$5 per annum and tabbies 30 cents. The proceeds to go to the establishment of a home for aged spinsters. The committee which had the bill in charge reported it to the house, amended so that the law if enacted "should not apply to black cats, white cats, yellow cats, brindle cats, speckled cats, nor any other kind of cats excepting wildcats."

After a sharp tilt the committee withdrew the amendments, whereupon Representative Lee, of Mississippi, moved to have the bill amended so as to have all cats killed, "then," he said, "the women may have time to lavish some of their affections on me, instead of the infernal cats." By a close vote the bill was finally killed.
